

The
ICONIC MEETINGS
.....Meet Influential People.....

International Experts Summit on Biomaterials and Regenerative Medicine

JUNE 15-17, 2026

ROME, ITALY

+16623394984

BiomaterialsSummit-2026@iconicconferences.net

<https://www.biomaterials.theiconicmeetings.com/>

Day 1 (June 15, 2026) Greenwich Mean Time (00:00)

09:00-09:30 AV-Check

09:30-10:00
Keynote

Title: Near-infrared responsive nanostructures to treat bacterial skin abscesses through combination of photothermal therapy and catalytic generation of reactive oxygen species

Assoc Prof Dr. Aziz Maleki, *Zanjan University of Medical Sciences, Iran*

10:00-10:30
Keynote

Title: Current Distribution Adjustment and Operating Experience with Different Brush Grades in High-Power Synchronous Machines

Roman Shuklin, *Donetsk Technical University, Russia*

10:30-11:05
Plenary

Title: A new approach to determining the mechanical properties of fiber-reinforced composite preforms during curing and solidification of thermosetting resin

Prof. Sergey Shevtsov, *South Center of Russian Academy of Science, Russia*

11:05-11:30
Featured

Title: Engineering a 3D printed cardiac model using diabetic and non-diabetic donor-derived iPSCs

Shauna O'Meara, *Queen's University Belfast, United Kindom*

11:30-11:55
Featured

Title: Deep Reinforcement Learning-Based EV Coordination for Transformer Overload Mitigation with Dynamic Thermal Rating afflication

DONGCHUAN FAN, *Sichuan University, Hong Kong*

11:55-12:20
Featured

"Title: Study of chemical dye adsorption by efficient mesoporous magnetic adsorbent $Mn_xMg_{1-x}Fe_2O_4$ nanoparticles with adsorption isotherm, kinetic mechanism, and recovery of the adsorbent particles"

Dr. Laxmi Jivabhai Hathiya, *Saurashtra University, India*

12:20-12:45
Featured

Title: Rietveld refinement of calcium doped zirconia to study the effects of doping percentage on phase stabilization

Dr. Ankit Kumar Mittal, *Chandigarh University, India*

12:45-13:15 Keynote	Title: Progress in the diagnosis and treatment of malignant tumors using novel platinum nanoclusters-based chemotherapy drugs Dr. Xin Huang , <i>Zhongyuan University of Technology, China</i>
13:15-13:45 Keynote	Title: A mobile Health Intervention to support safe use of Complementary Therapies in Type-2 Diabetics Prof. Hsiao-Yun Annie Chnag , <i>Chang Gung University of Science and Technology, Taiwan</i>
Note 1: Slight changes in Program may arise due to technical issues or no shows, presenters are requested to stay available on the entire day of presentation.	
2: Conference timings is GMT+00:00
